Programme Planning in Extension Education

Module-I  
Meaning of extension programme planning:-  
Program planning is a procedure of working with the people where an effort to recognize unsatisfactory problems or situations are identified and possible solutions objectives and goals are determined. This is the conscious effort to meet the needs interest and wants of the people for whom the program is planned.

Extension programme - Def<sup>n</sup>  
According to Kelsey and Hearne (1944) 'an extension program is a statement of situation, objectives, problems and solutions.'

Lawrence (1965) He says that 'an extension program is the sum total of all the activities and understanding of a country extension service it includes  
1. The program planning process  
2. Written program statements  
3. Plan of work  
4. Programme execution (on-site work)
